Our Product

Established in 2017 the Frozen Custard Co. creates delicious frozen treats using fresh ingredients free from any artificial nasties. Our product provides a unique take on the renowned Cornish Ice Cream which needs to be tried to be believed. We are not farmers or chefs just enthusiastic about good honest food.

Flavours

Here at the Frozen Custard Co. flavour is King! Therefore, a great deal of development goes into the creation of each of our delicious flavours, from our personal favourite Milk Chocolate to seasonal specials such as Rhubarb & Custard. Choose from up to 3 of our mouth-watering flavours to keep your guests entertained. Check out our website for our full list of flavours.

Customisation

Our Frozen Custard pots are tailor-made to uniquely suit your theme and venue. Not only can we customise the details with your names and date but we can also adjust to your colours to make it that little bit more special. If you have any special requirements please get in touch as we are happy to help.

Serving

We deliver your bespoke Frozen Custard to your venue in our specialist battery freezer, which eliminates the need for a power supply, making it perfect for those venues where power is limited. We leave our freezer with you for the duration of your day allowing you and your guests to help themselves.

Cost

The big question when planning your special day. Our products are available for just £3.00 per pot when you order 100 or more or £3.50 when you order less. Our cost includes our design service and hire of our mobile freezer.

Delivery

We personally deliver your bespoke frozen treats to your venue and simply collect after, leaving you to enjoy your day. Please contact us to get a delivery quote.

We completely understand the importance of your special day so if you have any questions please do not hesitate to get in touch.

WARNING: Never eat more Frozen Custard than you can lift!
